AGENDA ITEM: U-1

Page 96, between lines 15 and 16 INSERT:

"We agree with Staff that the Commission should open a generic docket to gather information useful in evaluating the feasibility of hook-up fees for electric and gas utilities. In the interim, however, we find that, in view of the unprecedented growth in APS' service territory, granting APS variances to A.A.C. R14-2-206.B.2.a and R14-2-207.C.1, which require a company to provide a specified footage of distribution line and service line at no charge, are necessary and appropriate measures to shift the burden of rising distribution infrastructure costs away from the current customer base to growth."

Page 141, between lines 8 and 9 INSERT an new Finding of Fact to read:

Page 150, between lines 25 and 26, INSERT a new Ordering Paragraph to read:

"IT IS FURTHER ORDERED that, within 30 days after the effective date of this Decision, APS shall file, for Commission approval, revised service line and line extension tariffs that eliminate any free footage or free allowance, as otherwise required pursuant to A.A.C. R14-2-206.B.2.a and R14-2-207.C.1."
